Wine-making and ageing

Fruit and structure are aimed for in the wine-making

72 hours skin maceration under cold temperature

Temperature controlled at 25°C

After 18 months of ageing, blending of 50% from oak barrels - of which 1/3 renewed - and 50% from vat.

Tasting *Bordeaux Rouge 2010*

Ruby colour. The bouquet develops into intense red fruit aromas. The entry is clean and the palate structured. The tannins are very silky. It ends with a long lingering of flavours. This wine is very harmonious and ready to be drunk from now. Can be kept under good conditions for 7 to 10 years.

This Bordeaux wine is a pleasure and a great vintage.

Awards and publications
